

The #1 Portal for Events and Resources in Kansas City

All About Autism is a resource for resources. We are unique because we bring Greater Kansas City and surrounding area organizations together in one place with the touch of a button. In addition to offering services for individuals and families, encompassed are autism spectrum events and educational opportunities. Community events are included for those that want to get involved but don't know how to start. We provide ideas that parents and caregivers *Can Do* today.
